Move to Kalmar

Accommodation

Moving to another country, even for a short period of time, requires a great deal of preparation and planning. Start planning your stay in terms of your future accommodation as soon as you have decided to study at Linnaeus University.

Finding a place to stay during your time at Linnaeus University will look different depending on what type of student you are.

If you need to search for accommodation on your own, we recommend you to read the Linnaeus union's housing guide. The Linnaeus union also has a housing agency that is available to all students.
